**ABOUT STEEL SPICE INDUSTRIES**

**Steel Spice Industries® is a performance-driven industrial manufacturing company specializing in thermocouple temperature measurement and molten metal sampling solutions for the global steel industry.**

**With a strong focus on accuracy, reliability, and process efficiency, we design and deliver products that enable steel plants to achieve better control, consistent quality, and improved production performance.**

**Our solutions are developed to perform in extreme industrial environments, ensuring stable and dependable results in every operation.**

WHAT WE DO

**At Steel Spice Industries<sup>®</sup>, we specialize in :-**

### **Thermocouple Temperature Measurement Solutions :-**

Engineered to provide accurate, stable, and fast temperature readings without fluctuation or drop error.

### **Molten Metal Sampling Solutions :-**

Designed to ensure true metallurgical representation and reliable laboratory analysis.

### **Allied Industrial Products :-**

A curated range of industrial consumables supplied through strategic manufacturing partnerships, supporting complete plant operations.

## Our Vision

To become a globally trusted leader in industrial measurement and sampling technology, delivering innovative solutions that enhance steel quality, operational efficiency, and industrial growth.

## Our Mission

- To deliver high-precision thermocouple and sampling solutions
- To ensure consistent product quality and performance reliability
- To support industries with technology-driven solutions
- To contribute towards industrial development and productivity enhancement

## OUR PRODUCTS

Thermocouple Temperature  
Tips MK-III 600mm

Thermocouple Temperature  
Tips MK-III 900mm

Thermocouple Temperature  
Tips MK-VI 600mm

Thermocouple Temperature  
Tips MK-VI 900mm

Lollipop Sampler 600mm

Receptacle & Housing for  
Thermocouple Temperature Tips.

Lancing Pipe for Thermocouple  
Temperature Tips (S.S)

## **WHY STEEL SPICE INDUSTRIES®**

- Advanced Technology-Driven Products
- Fully Calibrated and High Accuracy Systems
- Reliable Performance in Harsh Industrial Conditions
- Focus on Process Efficiency and Steel Quality
- Commitment to Long-Term Industrial Growth

**WHY**

**CHOOSE**

**US?**

**STEEL SPICE INDUSTRIES**

The Science of Steel. The Spirit of Perfection.

Follow Us On -   

## INDUSTRIES WE SERVE

Steel Plants, Foundries, Induction Furnaces,  
Continuous Casting Unit

**STEEL SPICE INDUSTRIES**

The Science of Steel. The Spirit of Perfection.

Follow Us On -   

## **Our Commitment :-**

At Steel Spice Industries®, we are committed to delivering solutions that go beyond standard performance.

We aim to support industries by providing:

Accurate measurement systems

Reliable sampling solutions

▪ Consistent product performance

Long-term operational value
